

Barn Cloche for Growing Early fruit and Vegetables

Growing Area Under a Single Cloche is approx 0.38 sq.m (4.1 sq.ft)

Weight (without end panes): 3.8 kg (8 lb 6 oz)

Weight with end panes: 5.7 kg (12 lb 8 oz)

Panes: Clear Acrylic Sheet 4mm thick

The two open ends are closed off using 3mm acrylic sheets, cut to size and held in place by canes.

Continuous rows of many cloches positioned together are used to grow crops. Each row is closed at either end with the shaped "cut to shape" end panes.
